Poster presentations

We would like to remind you that it is still possible to send in information about your proposed, running or completed project for a poster presentation.

We use these poster presentations to give as many organisations and individuals as possible the opportunity to present their projects. These poster presentations will give direct access to the projects, give the opportunity of sharing knowledge and offer possibilities for future cooperation. During the lunch and short breaks you can discuss your projects with colleagues and participants.

The posters on A2 format will be produced by the organizers of the Heritage Day and are free of charge. If you would like to present a poster, for composing the posters we need:

- **Four photos of your heritage project, preferably 300 dpi (dots per inch)**
- **A project description in English containing the aims, possible results, partners, contact details etc.**

Please send your poster information to: erfgoeddag@heritage-activities.nl

After the Heritage Day the posters will also be made digitally available through the CIE website and admitted in our database.

The **deadline** for sending in your project information is **14 September**.

For examples of these posters please visit the partner countries section at our website: www.heritage-activities.org
